Computer Assisted Software for Adapted Physical Education by Dan Cariaga

a-ape is an MS Excel workbook containing separate worksheets for the following most commonly used assessment tools for adapted physical education.

When you use the a-ape software, the user merely inputs the raw scores. Test data is automatically calculated creating a statistically interpreted written report.

Test of Gross Motor Development, 2nd Ed, (TGMD-2), 2000, PRO-ED, Inc., Austin, TX
<http://www.proedinc.com>

Test of Gross Motor Development (TGMD), 1985, PRO-ED, Inc., Austin, TX <http://www.proedinc.com>
